ABOUT ACROSS ABYSSINIA

Across Abyssinia is a team of Ethiopian tourism professionals with over two decades of experience. Based in Addis Ababa, we specialize in adventure tours to Ethiopia's most spectacular and lesser-known destinations. Our mission is to share authentic cultural experiences and reveal the country's hidden landscapes to curious travelers.

We go beyond standard sightseeing. Along with well-known attractions, we take our guests to villages, hamlets, and family homes of diverse communities, offering a genuine insight into everyday life, traditions, and beliefs. Our journeys are designed for travelers who prefer meaningful experiences over mass tourism, avoiding crowded routes and seeking unique cultural ceremonies, religious festivals, and rarely visited sites.

Across Abyssinia is ready to serve you anytime, everywhere under Ethiopian skies.

WHY ETHIOPIA

Ethiopia is the birthplace of humanity, where Homo sapiens first evolved and the earliest stone tools were discovered near Malka Kunture in southern Ethiopia. It was also the capital of one of the world's five great ancient empires.

The country is a true melting pot of peoples, with rich ethnic and linguistic diversity, and it is the only African nation with its own ancient alphabet. Ethiopia is also known for one of the Bible's greatest mysteries, the Ark of the Covenant, believed to have been brought to Ethiopia after disappearing from the Temple of Jerusalem, as described in Graham Hancock's *The Sign and the Seal*.

Ethiopia was among the first countries to adopt Christianity in the fourth century and the first to welcome Muslim migrants, reflecting a long tradition of religious tolerance. Its dramatic geological history has created one of the most diverse landscapes in the world.

The country is home to 835 bird species, 33 of them endemic, more than 200 mammal species with 7 endemics, and over 7,000 indigenous plant species, about 150 endemic. Ethiopia is also the birthplace of coffee, which still grows wild in the forests of Kaffa.

With eight UNESCO World Heritage Sites, Ethiopia ranks first in Africa in number of heritage sites.
